

Contributions 2026

Voluntary Contributions for K/PP/Yrs 1-6
Voluntary Contributions for Years 7 – 10

\$ Per Year

\$60.00
\$235.00

We ask that **you pay your Voluntary Contribution component** as early as possible as this assists us in our yearly budgeting process. By contributing, you help us continue to offer engaging and enriching experiences for every child. Let's work together to reach full participation in 2026.

Charges 2026

Throughout the year, your child **may have** the opportunity to take part in a variety of co-curricular activities. These are offered on a *pay-as-you-go* basis, meaning you'll **only be asked to pay if your child participates**. The amounts listed are the maximum you might be charged for each activity.

If your child is involved in any of these programs, their classroom teacher will inform you, and you'll receive a **notification before the activity takes place**.

We're committed to making these programs accessible and successful for all students, and your support plays a big part in that.
